

**BOARD OF COUNTY ROAD COMMISSIONERS
COUNTY OF LAKE**

COMMERCIAL DRIVEWAY PERMIT

1180 N. Michigan Ave.

PO Box 790

Baldwin, MI 49304

Ph: 231-745-4666

Fx: 231-745-6227

Permit # _____

PERMIT REQUIREMENTS:

1. A driveway shall be located so that there is no interference with the free movement of roadway traffic and sight distance will be assured at all times.
2. A driveway with turning radius shall be located entirely within the permittee's property lines. A driveway radius may be extended outside of that area only if the adjoining property owner gives written permission.
3. If a driveway is to be located adjacent to a roadway intersection, it shall be at least 66' from the intersection.
4. The driveway will be so constructed that no water will drain onto the county roadway. The Road Commission shall determine whether a drain structure (culvert) is required for any driveway installations and also the minimum diameter and length of the culvert that is needed for installation. The culvert installation is the responsibility of the permittee.
5. Driveway surface shall be 6" of processed 22A gravel minimum.
6. Permit is valid for 90 days. Applicant will follow Driveway Commercial Policy #1021
7. All driveways must have proper signage.
